

The Monroe Carell Jr. Children's Hospital at Vanderbilt has opened an after-hours clinic in Mt. Juliet.

To celebrate the opening of the new clinic, Vanderbilt held a community event at the clinic location Sunday, April 7, with a ribbon cutting. At the event, visitors learned more about the after-hours clinic, met the pediatricians, toured the neonatal transport ambulance and enjoyed karaoke, games and prizes.

The Vanderbilt Children's After-Hours Clinic, located at 2025 North Mt. Juliet Rd., Suite 200, will allow parents to take their children to get care when their pediatricians' offices have closed for the day or the weekend. To keep care consistent and current, the child's regular pediatrician will be sent a report about the visit the same evening.

The Vanderbilt Children's After-Hours Clinic will be open seven days a week, including holidays. The hours are Monday-Friday, 6-9:30 p.m., and Saturday and Sunday, 3-9:30 p.m.
