Premier Dodge, Chrysler, Jeep submitted plans to the city of Mt. Juliet last week for a new location in Paddocks.

“It’s a compliment to everyone in the community that businesses like this want to come to Mt. Juliet,” said Mt. Juliet Chamber of Commerce President Mark Hinesley. “It’s a double blessing that it will benefit all of Wilson County.”

The new car sales lot will sit on eight acres at 300 Pleasant Grove Road, across from the Life Assembly Church and Academy Sports & Outdoors.

There is a planned 35,932 square foot sales and service facility with several rows of new vehicle display in the front.

The plans will be heard by the planning commission at the June meeting.
