

MJ residents win car from Good Morning America

Tuesday, November 19, 2013

One lucky Mt. Juliet family won a free car from Good Morning America's GMA Great Car Giveaway Tuesday morning.

Sam and Kristi Mullins were surprised Tuesday morning when Good Morning America correspondent Melissa Rycroft knocked on their door, flanked by many of the Mullins friends and family, to present them with a red Mazda 2014 CX5.

According to ABC News, Sam and Kristi were married three years ago. They both had kids from previous marriages, which made for a real life Brady Bunch situation. They have 10 kids under one roof, and only one car, a 2003 Pontiac Montana, which has several issues.

Neighbor and friend Samantha Dial nominated the couple for the giveaway.

She told Good Morning America, "They are the type of people who would feel like someone else is more deserving than them and would definitely pay the blessing forward ten-fold."
