The Mt. Juliet Board of Commissioners approved a mixed-use development on Pleasant Grove Road, and a new neighborhood on South Greenhill Road Monday.

The BOC approved the Preliminary Master Development Plan on Village at Pleasant Grove, a mixed-use development on Pleasant Grove Road on a property currently housing the Church at Pleasant Grove. The church’s property will be subdivided and a 21-acre lot will be created with seven different buildings. Two of the buildings will be office, two for retail and restaurant.

Commissioners hold second work session on future of EMS in City

By Kenny Howell
Managing Editor

The Mt. Juliet Board of Commissioners held their second work session on the ambulance service in the City of Mt. Juliet.

Wilson County announced earlier this year that they would be pulling their ambulances from two fire stations within city limits and placing them in the new fire stations they are to construct just outside the city limits. The move may cause longer response times for ambulance service within the city in certain pockets.

rant, and two for 275 units for residential. The project is by Imagine1 which developed Vintage Station North.

“This is a great project,” said Commissioner Bill Trivett.

Each commissioner had minor concerns that developers were agreeable to, and the project passed unanimously.

The BOC also approved annexing a property on South Greenhill Road and rezoning to single family residential. The property is roughly 10.5 acres across from Virginia Hill Drive. It will hold 18 houses on variable lot sizes from 11,265 square feet to 49,607 square feet.

Mayor James Maness said that there have been many projects proposed for that lot over the years, including a four-story apartment complex, but this fits the property.

“What I see in front of me is hands down the best I have seen,” said Maness.

There were some concerns with the project, particularly the traffic and entering and exiting the neighborhood on that portion of South Greenhill Road. The road is not controlled by the City of Mt. Juliet but City Engineer Andy Barlow said there are things that can be done like trimming back the vegetation until and if and when the City takes over the road. Straightening it out a bit could be a possibility over the long term.

The items passed 4-0 with Scott Hefner abstaining from the vote.

Luffman gave two options to the commissioners - do nothing or do something.

The something could be bringing a private service to transport ambulance. He said it would be zero subsidy to the city and zero risk.

At the last work session, Luffman said that FDMJ could be fully cross trained to be able to treat patients until the ambulance arrives. He said there are three to five calls a week where there are no ambulances available. A recent call had one coming from Statesville, which is over 30 miles from Mt. Juliet.

In the regular board meeting, Vice Mayor Ray Justice said he will be bringing a resolution forward to get Chief Luffman to bring forth the plan for a private service to supplement WEMA within city limits. Commissioner Jennifer Miele still hoped to negotiate with the county and see if something can be worked out.

“We feed students twice a day, we clothe them when they need clothes, we educate them, and last night a father of one of our students took his own life. So our staff is doing trauma care with the family today.” Scott Benson, Director of the Lebanon Special School District made that statement at a recent Everyone’s Wilson event.

When did it happen that we asked educators to do all of that?

The Bible tells us in Genesis 2 that humans were designed by God for relationship. Steve Corbett and Brian Fikkert in their book, When Helping Hurts: How to Help Poor people without Hurting Their Spirit, reminds us that we were created to know God, to understand ourselves, to love others, and to care for creation. So when Adam and Eve ate the forbidden fruit, they didn’t just break a rule. They broke those four key relationships.

Broken relationships create all kinds of problems, including, but not limited to, those Mr. Benson described. Poverty, however, is not at its core a financial problem. If it were, we would have already solved it. We live in the most prosperous nation in world history, and Wilson County is the second wealthiest county in Tennessee. Charity dollars flow like Niagara Falls, yet the needs have never been greater.

Hungry people need food and naked people need clothes. But the remedy for hungry and nakedness is not material, but relational. That’s why the apostle Paul called the early church to be “ministers of reconciliation.” As the people of God, we’ve been tasked with offering our most vulnerable neighbors both good help and lasting hope by giving them ourselves.

So as the opportunities for giving rise during this holiday season, consider leading your family, church, or business to go beyond Christmas a take a more holistic approach to your giving. Meet the present need, but then tie your dollars to your hands, feet, and heart by giving your friendship. Build a relationship that shows your neighbors they are loved, possess dignity, and have worth. Jesus did not mail it in. He put on flesh and came near. As we give of ourselves through sincere friendship, we give our neighbors hope that their brokenness does not get the final say.

In school we always hated or feared getting an F on a paper, report, project or most importantly a report card. As a result, you might not have been a big Fan of the letter F. But an F isn’t always bad. For example, without the letter F we wouldn’t be able to spell words such as Future, Fun, Fast, Festive, Festival, Fair, First, Food, Fuel, Flight, and Football.

All words we really like. But the more I think about the letter F the more I think about Faith, Family and Friends. Without those three words the rest of the letters that begin with the letter F really wouldn’t mean near as much.

In other words, we should always embrace and keep Faith, Family and Friends in our lives. Unless we take time to realize what life is all about and its many blessings, it will be very difficult to truly enjoy and appreciate it to the very fullest.

Another wonderfully important word that starts with F is Forgiveness. As human beings we are not perfect and are Flawed in various ways. As a result, we sometimes don’t get things just right, perfect or as we hoped for or planned.

I now truly understand how precious the letter F can be. Without it we would be hard pressed to understand just how blessed we are to have Faith, Family and Friends in our lives. So please live life to the Fullest by embracing and enjoying your Friends and Family.

Sometimes doing so may require a little Faith and Forgiveness.

Hawks hold off Rebels in first playoff victory

Franklin County battles back from 17 down in fourth, but Green Hill gets win

By Kenny Howell
Managing Editor

It’s never a dull moment when the Green Hill football team is involved.

The Hawks overcome a resilient Franklin County team Friday in the first round of the playoffs, holding off the Rebels, 48-40. It was the first playoff win in school history.

Green Hill kept seeming to put the game away, but Franklin County led by quarterback Connor Seals, battled back time and time again. The Hawks led by 17 points entering the fourth quarter and needed a big stop on a two-point conversion and an onside kick returned for a touchdown by Kaleb Carver to come out with the victory.

For such a high scoring game, the game started slow. There was only one score in the first quarter. The Rebels’ NaShawn Holman got the only score of the quarter on a 4-yard run to put Franklin County up 7-0.

Green Hill would answer with a 15-play drive capped off by a Brax Lamberth 2-yard touchdown run to tie it up. Carver would give the Hawks their next score. Green Hill was able to stop Franklin County and force them to punt. The punt was away and it bounced a time or two. It looked like Carver was going to leave to be downed by the kicking team, but he scooped it up, shook a few defenders and was off to the races. 70 yards later, Carver was in the end zone for the Hawks first lead of the game.

Carver would give Green Hill another big play on their next drive. The Hawk defense forced a three and out on Franklin County, and on the second play of the next drive, Carver would take it around the corner for a 60-yard score. Just like that, it was 21-7 with 2:42 to play in the half.

That was too much time for the Rebels, as they marched down the field and Manny Scott punched it in with five seconds remaining in the half to cut it to 21-14.

Carver gave the Hawks a good return to start the second half, and Green Hill marched the short field. Niko Duffle would be the one to get into the end zone next, as he took it to the right and dove into the end zone for a 12-yard score. It was 28-14 with 9:18 left in the third.

After Franklin County cut it to 28-21, Carver would find the end zone again. It was set up by back-to-back receptions by Sean Aldridge, the first and 11-yard gain on 3rd-and-9, and the next play Cade Mahoney found him for another 25-yard gain. Two plays later, Mahoney would hit Carver for a 24-yard score with 4:21 left in the third.

Green Hill got tricky on the kickoff, going for an on-side kick right to Carver to get the ball back and steal a possession. The drive didn’t make it into the end zone, but Sam Crickmar would hit a 27-yard field goal, making it 31-21 with 1:16 left in the third quarter.

That score would hold into the fourth quarter in which the Rebels tried to make their comeback. It started with Scott’s second rushing touchdown, but Green Hill would answer with a 24-yard Crickmar field goal, making it 41-27. A 51-yard touchdown pass from Seals to Na’Zaiyah Holman cut it to 41-34 with 3:16 left in the game, and after an onside kick recovery, Eric Jones capped off a Rebel drive to make it 41-40.

Instead of going for the tie, the Rebels went for the win. Seals took the snap, looked right, but didn’t see Anthony Kilmon coming off the blind side edge to hit him in the back as the ball was coming out. The ball fell incomplete, and the Hawks held onto the lead 41-40.

Carver sealed the game for Green Hill as the onside kick went right to him, and he had no one in front of him. He outraced everyone 50 yards for his fourth touchdown of the game. Franklin County still had 1:06 to try to tie with a touchdown and two-point conversion, but Carver ended with his second interception of the game. Carver finished the night with 248 all-purpose yards. He had 98 total rushing and receiving, one punt return for 70 yards and two kickoff returns for 80 yards. Lamberth finished the game with 116 yards on 20 carries. Mahoney was 12-for-16 for 159 yards, two touchdowns and one interception.

Green Hill (10-1) will now move onto face Columbia (7-4) in the second round of the playoffs. The Hawks beat the Lions in week 4 of the season 28-14, but Columbia is coming off a 30-10 first round victory over Mt. Juliet. That game will kick off at 7 p.m. Friday on The Hill.
Bears end season in first round against Columbia

Staff Reports

Mt. Juliet High School ended their season in the first round of the Class 5A playoffs Friday, falling on the road at Columbia, 30-10. The game was tight in the first half, as it went 14-10 into the break, but Columbia controlled the second half.

Mark Shenouda gave the Bears the lead in the first when he connected on a field goal, but two big plays by the Lions gave them the lead. Columbia had a 61-yard run for a score and a kickoff return for a touchdown to go up 14-3. Size Daniyan would get the Bears the first touchdown of the game when he ran it in to make it 14-10.

The Lions would get two rushing touchdowns and a safety in the second half to secure the win.

Garrison Lewis would lead the Bear rushing attack with 74 yards on 17 carries. Amarion Workings had three catches for 41 yards. Stephen Swoner finished the game going 9/20 for 92 yards.

Columbia (7-4) will now go on to face Green Hill (9-1) in the second round of the playoffs.

Students get 36 on ACT

Wilson Central's Parker Lovin and Green Hill's Jaxyn Kirian both scored 36 on the ACT. They were recognized and honored during last week’s Board of Education meeting.

MASKS, from PAGE 1

had new staff cases in that time frame.

Luttrell’s recommendation didn’t include that they were recommending students and staff to wear the face coverings, just that it was optional.

“I want it to be optional and still protect those that want to wear it,” said Luttrell.

The motion passed 5-2 with Bill Robinson and Kimberly McGee voting against it. McGee questioned whether it was even necessary to say optional since technically it always has been for students and staff.
The offense did not allow much more time as the Wilson Central defense was not allowing any chance of an unexpected field goal with three minutes remaining in the Wildcat lead 14-0. The lead stuck as McNamara led the offense with 110 yards rushing. Colorado State commit McNamara led the offense while going 12-of-17 passing for 124 yards and two touchdowns with rushing for 89 more yards and another TD.

Page (10-1) will now move onto the second round of the playoffs to face Nolensville (5-6).

HIGGENBOTTOM, Darlene

Darlene “Gigi” Higgenbottom went to heaven on Nov. 3, surrounded by her loving family at her home.

Darlene was born in Nashville on Oct. 13, 1960. She was the daughter of Hicks and Patsy Watson. She grew up in Hendersonville, with her three sisters and one brother. She loved to roller skate and taught lessons at the Hendersonville skating rink. She was voted wittiest her senior year! Her biggest achievements were her two daughters, Danielle and Britney. They were her world and her best friends. She was there for them through everything
OBITS, from PAGE 8
and never missed anything they were a part of. The love she had for her girls spread to their children. Her three grandchildren Taylee, Rekker, and Rosie gave her the most joy of all.

Paul, her husband of 30 years, has been fighting this battle with her the last three years; taking great care of her and supporting her. He did so much research and has studied this terrible sickness that has taken her so early from us. His love for her is forever. She was feisty and stood up for what she believed. She understood and appreciated the smallest, most basic things in life, and she lived her life to the fullest. She always treated people the way she wanted to be treated if she were in their circumstance. She never met a stranger and would talk to anyone. She loved God, her family, and friends. Her pets were precious to her. Her most special one, Scarlett, was by her side through it all. The last few months she showed such strength and grace fighting this terrible illness. She did her happy dance any chance she could get. We will all carry the love for Darlene in our hearts forever.

Darlene was preceded in death by her father- Hicks Watson, Jr. She is survived by her husband, Paul Higgenbottom; daughters: Danielle (Dusty) Griffin and Brittney (Tim) Osborne; Mother: Patsy Watson; Mother-in-law: Wanda Briddel; Brother: Hicks, aka “Man” (Denise) Watson III; Sisters: Patricia (Barry) Dodder, Tere (Lilly) Martin, and Karol (Andy) Fuqua; Grandchildren: Taylee Osborne, Rekker Griffin, and Rosie Griffin; nine nieces and nephews and fourteen great nieces and nephews. And Scarlett, her longtime dog companion.

VOTED #1 ITALIAN RESTAURANT IN MT. JULIET!

Voted #1 - Meatballs Italian Grill Brings Authentic Italian Cuisine to Mt Juliet

Meatballs Italian Grill is one of the area’s only AUTHENTIC Italian restaurants. Our lunch and dinner recipes originate from our owner, Chariti Fletcher’s father, Pasquale, who immigrated from Naples, Italy, in the early 1970s. All of our dishes are home-made and prepared fresh to order. We are a family-owned restaurant with a comfortably upscale atmosphere. We serve all traditional pasta dishes, seafood, veal, and delectable made-in-house desserts. We offer a full bar with specialty cocktails as well as a private dining room for up to 35 guests at no charge. So keep us in mind and call to reserve when planning your next event.

Meatballs Italian Grill has a true distinction of Italian authenticity. Charity puts it best, “We will only serve the finest, authentic Italian food. We want our guests to walk away happy with a full tum and the feeling of leaving an Italian family dinner. We feel that way about all of our fellow Tennesseans.” We are located at 14805 Lebanon Rd in the Coolview Commons Plaza. We were voted Mt Juliet’s #1 Italian Restaurant in 2021! Come join our family!
